**MODULAR
SUPPRESSION**

Silent Steel Streamer suppressors are a new innovative modular solution for various situations. Streamer suppressors can be customized with interchangeable modules for multiple uses. The Streamer suppressors can be used from pistols to machine guns with a suitable setup. Streamer suppressors can be equipped with changeable modules for different purposes. The flow-through module is designed for use in gas-operated, self-loading rifles. The baffle module is used when maximum sound suppression is required. The simulation module is used for training with simulation ammunition, and the blank module is used when firing blanks. The caliber of the suppressor can be changed by using different modules to match the weapon's caliber.

Stainless steel or aluminum body

Advanced heat management

Can be fully disassembled for cleaning

All parts can be changed

**Flow Suppression Unit
Baffle Suppression Unit**

Different replaceable modules available.

Cerakote or anodizing

Quick detach or direct barrel thread mount

Freefloat suppression unit for maximum accuracy

Caliber can be changed by changing the suppression unit

	Streamer	Compact Streamer	Micro Streamer
Length (*added length)	195 mm (*138 mm)	150 mm (*93 mm)	108 mm (*50 mm)
Diameter	42 mm	42mm	42 mm
Weight	330—580 g	260—450 g	240—350 g
Calibers available	5.56, 7.62, 9.00	5.56, 7.62, 9.00	5.56, 7.62, 9.00
Material (depending on model)	Stainless Steel (303) Aluminum (6060 / 7075)	Stainless Steel (303) Aluminum (6060 / 7075)	Stainless Steel (303) Aluminum (6060 / 7075)
Mounting	QD mount to Silent Steel Flash hider or Muzzle Brake or direct mount to barrel thread	QD mount to Silent Steel Flash hider or Muzzle Brake or direct mount to barrel thread	QD mount to Silent Steel Flash hider or Muzzle Brake or direct mount to barrel thread
Finishing	Cerakote / Anodizing	Cerakote / Anodizing	Cerakote / Anodizing
Sound suppression	Flow 17-25 dB Baffle 25-36	Flow 15-20 dB Baffle 22-32	Flow 10-15 dB N/A
* Added length after QD muzzle device.	Patented 2022 Several patents pending		

**SILENT
STEEL**

We are Silent Steel. We are passionate about creating new products that meet our customer's needs and ideas. We are innovative and have many ideas to improve existing products and solve common problems with new solutions. We have successfully implemented some of our thoughts, while others were deemed too ambitious. We produce high-quality products that have been rigorously tested under extreme conditions.

PRODUCTS

● Suppressors:

Streamer
Compact Streamer
Micro Streamer
Heavy Streamer

● Muzzle devices:

5-Prong QD Flash Hider
Adjustable QD A2 Flash Hider
Adjustable QD Muzzle Brake

● Suppressor modules:

Flow suppression unit
Baffle suppression unit
Simulation unit
Blank adapter unit
Heat Cover

● Muzzle device modules:

Safe-Breaker (3in1)
- Reinforcement Bar Cutter
- Blast Can
- Glass Breaker
Blank adapter
- for QD A2 Flash Hider
